

# Custom Crowns

The finishing touch that is uniquely yours.

Customization has always been at the core of what we do at Haynes. In recent years, we noticed an increased demand for crown customization, which is why we decided to make this uniquely personal touch available as a standard upgrade to our custom headjoints and for individual purchase.

Haynes Custom Crowns come with five gemstone options: diamond, ruby, emerald, sapphire and amethyst. They can also be embellished with numerous bespoke designs including floral, paisley, Celtic or Haynes Signature engraving styles. With over a hundred possible combinations to choose from, flutists now have an opportunity to make their instrument uniquely theirs.

	MSRP
